## SINGLE ACID

### AZELAIC PEEL

It is indicated for the treatment of acne, controls growth of comedonal bacteria and excess of sebum, rosacea, hyperkeratosis, blemishes caused by pregnancy, sun exposure, photo-aging, acne scars and hormonal problems. It contains active ingredients with antioxidant and sebum-regulatory properties for pigmentation treatment.

**Main Ingredients:**  
Azelaic Acid 25% - pH 2,8  
**Presentation:**  
100ml

### MANDELIC\_2 PEEL

It is indicated for skins that combine skin photo-aging with acne and hyperpigmentation.

**Main Ingredients:**  
Mandelic Acid 45% - pH 2  
**Presentation:**  
100ml

### GLYCOLIC PEEL

It is indicated to eliminate expression lines, photo-aging, skin blemishes, acne and scars.

**Main Ingredients:**  
Glycolic Acid 30% - pH 2  
**Presentation:**  
100ml

### PHYTIC PEEL

It is a skin whitening agent and a natural antioxidant that protects the skin from free radicals and prevents skin aging. The peeling acts as a deep exfoliation that eliminates the outer layer of the skin damaged by various factors such as sun exposure, wind, pollution or smoke. It is excellent as a prevention treatment to maintain a smoother and rejuvenated skin.

**Main Ingredients:**  
Phytic Acid 10% - pH 1,72  
**Presentation:**  
100ml

### JESSNER PEEL

Recommended for the treatment of acne, dystrophia and wrinkles. It is more indicated for darker skin types prone to hyperpigmentation. It is an excellent peeling for cystic acne and is suitable for damaged skins, hyperpigmentation, scars, stretch marks and sagging breasts.

**Main Ingredients:**  
Jessner 10% (Resorcinol 10%) - pH 2  
**Presentation:**  
100ml

### PYRUVIC PEEL

Indicated for aging skin (wrinkles, flaccidity and loss of glow), acne, seborrhoea, melasma, scars, facial hyperpigmentation, stretch marks and deep skin regeneration.

**Main Ingredients:**  
Pyruvic Acid 20% - pH 1,8  
**Presentation:**  
100ml

### LACTIC\_2 PEEL

It is indicated to eliminate expression wrinkles and skin photo-aging. It activates the production of collagen, elastin and other components of the dermis.

**Main Ingredients:**  
Lactic Acid 45% - pH 2,15  
**Presentation:**  
100ml

### SALICYLIC\_2 PEEL

It is indicated to treat whiteheads and blackheads and eliminate acne scars, photo-aging changes and wrinkles.

**Main Ingredients:**  
Salicylic Acid 20% - pH 2  
**Presentation:**  
100ml

## COCKTAILS ACID

### ANTIAGING PEEL

The combination of Pyruvic Acid and Phytic Acid creates the formula for the Meso Anti-aging treatment for skin rejuvenation and photo-aging. It provides excellent antioxidant properties.

**Main Ingredients:**  
Pyruvic Acid 20%, Phytic Acid 5% - pH 1,7
