

TIZO[®]

COMPLEXION BRIGHTENER

with Three Gentle Brighteners

1 Fl. Oz / 29 ml

Product Description

TIZO[®] Complexion Brightener is a unique blend of three ingredients to help even and brighten the skin's tone naturally. Doubles as an elegant moisturizer to condition the skin as it brightens.

Key Ingredients

Hydrocurcumin (Prepared from Tumeric, a member of the ginger family) - Brightener

Niacinimide (Vitamin B3) - Brightener

Arbutin (Natural extract found in wheat, pear & bearberry skins) - Brightener

Hyaluronic Acid (Component of skins' natural moisturizing factor (NMF))

Key Benefits

- Contains Hyaluronic Acid for natural moisturization
- Non-hydroquinone formulation contains three gentle brightening ingredients
- Skin Firm Technology delivers Key Ingredients with an elegant after feel

Directions For Use

- After cleansing skin with TIZO[®] Foaming Cleanser, apply to face, neck and décolleté. Blend gently.

Skin Firm Technology[®]

A unique, anhydrous delivery system that gradually and continuously releases powerful performance ingredients. Creates an invisible matte finish.

Addresses trans-epidermal water loss to help maintain skin's natural moisture. Non-comedogenic.

PHOTOCEUTICAL[®]
