COSMECEUTICALS

INNOVATIVE SKINCARE

BRIGHTENING COMPLEX

SAFE BRIGHTENING | HYDRATING | ANTIOXIDANT

Brightening Complex is a distinctive formula that safely and effectively brightens the appearance of the skin with beneficial moisturizing properties. Utilizing an innovative blend of proprietary brightening ingredients and pharmaceutical-grade botanicals, this high-performance formula concentrates on not one or two but all five mechanisms that contribute to the look of uneven skin tone.

BRIGHTENING SERUM

TARGETED BRIGHTENING | REVITALIZING | FAST ACTING

Brightening Serum is a powerful formula that safely reduces the appearance of uneven skin tone, while providing significant controlled exfoliation without peeling. This lightweight and easily absorbed serum is excellent for overall coverage, or as a targeted boost for problem areas. Brightening Serum is a concentrated combination of potent botanical ingredients that visibly address uneven skin tone on many levels, while providing multiple ageless benefits.
