INNOVATIVE SKINCARE

SUPER SERUM ADVANCE+®

SUMMARY

Super Serum Advance+ is a scientifically advanced, clinically proven formula that, for the first time, combines a 15% concentration of our next generation L-Ascorbic Acid (Vitamin C) with a bioidentical Copper Tripeptide growth factor. Super Serum Advance+ also contains powerful botanical antioxidants and safe skin brighteners.

BENEFITS

Helps reduce the appearance of fine lines and wrinkles

Helps improve the look of hypertrophic (raised) scar tissue and fine stretch marks

Safely brightens and helps visibly diminish uneven skin tone

Provides support against environmental stressors

Provides extremely powerful antioxidant protection
